CARRY STOMACH JOY IN YOUR VEST POCKET Lee & Osgood Co. Has Such Faith in This Dyspepsia Remedy That They Guarantee It.

One of the greatest successes in the sale of medicine has been achieved by Mif-o-na, the standard dyspepsia remedy, and its sale is increasing so rapidly that Lee & Osgood Co., the popular druggists, has had work to keep a stock of the remedy in every part of the city.

Mif-o-na is a metal box especially designed for convenience in carrying the medicine in the pocket or purse. It is pleasant to take, gives quick relief and should help any case no matter how long a standing. This remedy has been so uniformly successful that Lee & Osgood Co. will in future sell Mif-o-na under a positive guarantee to refund the money if it should not prove entirely satisfactory.

No other dyspepsia medicine ever had a large enough percentage of cures so that it could be sold in this manner. A guarantee like this speaks volumes for the merit of the remedy.

There is no time like the present to do a thing that ought to be done. If any one has dyspepsia, today is the best time to begin curing it.

VOTES \$10,000 APPROPRIATION. Special City Meeting Favors Permanent Paving for Several Streets.

By a vote of 233 to 33 the special city meeting of Tuesday voted in favor of making an appropriation of \$10,000 for laying permanent paving in Union square, Union street, Elm street from May to Providence street and the entire length of Providence street from School street to Woodstock avenue. It was also voted to lay curbing on the southerly side of Providence street from Marshall to Lamont street.

The majority in favor of the improvement shows that the greater part of the opposition that previously delayed the favorable action for permanent paving in these streets or in some of the sections to be improved, has been dissipated by the conference and the consideration of the matter during the past few weeks.

It was not known Tuesday just when the improvement work will be commenced, but it is presumed as soon as possible, so that the work may be completed before cold weather.

When the work is finished Putnam will have main thoroughfares in the central and northern part of the city in as fine condition as any New England city. The entire length of Elm street will then be paved as will also the entire length of Providence street, where there is a great deal of traffic.

John A. Dady, alderman-at-large, presided at the meeting. F. W. Seward was clerk. W. P. Warren acted as checker and Hermon G. Carver and George Potvin were counters.
